

International Conferences on Technical Applications of Artificial Intelligence

Agile Methods Association in Corporation with:

- 1 • AlHussain Bin Talal University-Jordan
- 2 • Biomedical Engineering Research Center- University of Anbar
- 3 • Peoples' Friendship University of Russia-Russia
- 4 • Khawarizmi University Technical College-Jordan
- 5 • National University College of Technology- Jordan
- 6 • International Union of Universities
- 7 • The Arab Academics and Scientists Union

Dr. Hasan A. Al Dabbas
Philadelphia University, Jordan
Conference Chair

Prof. Dr. Mushtak Talib Salih Al-Neda
President of University of Anbar, Iraq
Chair Session

Dr. Sayel M. Fayyad
Al Balqa Applied University, Jordan
Conference Co-Chair

Session for Biomedical Engineering Research Center / University of Anbar

Intelligent system Applications with Biomedical Engineering and Artificial limb Manufacturing

Keynote Speaker

Prof. Dr. Yousif Al Mashhadany (C.V)
Director of BERC , University of Anbar, Iraq
Editor in Chief for AJES

Nanomaterial Applications with the Development of Biosensors and Artificial Limbs

Prof. Dr. Emad Kamil Hussein (C.V)
Al Furat Al Awsat Technical University, Iraq

Viscoelastic Mechanical Equivalent Models

Joint Scientific Workshop

- Scientific Research and Publication Ethics
- Artificial Intelligence (AI) and Scientific Research enhancement

Prof. Dr. Aziz I. Abdulla (C.V)
Editor in Chief for TJES
Iraq

Prof. Dr. Takiyaldin A. Al-Smadi (C.V)
Editor in Chief for IJEER
Jordan

Prof. Dr. Khalaf S Gaeid (C.V)
Electrical Engineering Department
Tikrit University, Iraq

Synopsis:

Developing the latest generation of artificial intelligence is crucial to increasing productivity, driving innovation, and enhancing the best of everyday life. Researchers, scientists, and engineers intend to achieve this even by improving the latest theories and applications, and it is crucial to disseminate these research papers worldwide to facilitate collaboration and spark innovation. This special issue will bring together the latest and most interesting contributions in the field of artificial intelligence applications in multiple fields in biomedical engineering and in the smart prosthetics industry, and we will be keen to present the best scientific research in these disciplines that are characterized by the applied and modern side of artificial intelligence theories.

Topics:

Therefore, this special session invites authors to submit high-quality research papers on Intelligent system Applications with Biomedical Engineering and Artificial limb Manufacturing topics which include (but are not limited to) the following:

Artificial Limbs:

- I. Development of intelligent Artificial limbs.
- II. Integration of AI in prosthetic design
- III. Improvement functionality and control in Artificial Limbs..

Biomechanics and Bioengineering:

- I. Application of biomechanics in Artificial limbs.
- II. Biomedical Engineering Principles in the Development of Prosthetics.
- III. Biomaterial in Artificial limbs.
- IV. Lightweight Material in Prosthetics.

Artificial Intelligence in Biomedical Engineering:

- I. AI-powered myoelectric prosthetic.
- II. AI decoders for peripheral nerve interfaces.
- III. Brain-machine interfaces.
- IV. Medical Imaging and Classification.
- V. Health Informatics, and Computational Genomics.
- VI. Deep Learning and Big Data Analytics.

Sensor Technologies:

- I. Biosensors in Artificial limbs.
- II. Sensors for smart prosthetics monitoring.
- III. Development of bio-compatible sensor
- IV. Biosensors for infection detection and prevention.

Osseointegration Techniques:

- I. Osseointegrated prosthetics
- II. Stability Prosthetics and natural movement.
- III. Techniques for Reducing Infection Risks in Artificial Limbs

Robotics in Biomedical Engineering:

- I. Robotic systems in intelligent prosthetics.
- II. Actuators for Natural movement adaptation.
- III. Advances in robotic prosthetic limbs.
- IV. Enhanced mobility.
- V. Robots and Intelligent Systems in Healthcare.
- VI. Robotics and Automation Application.

Material Science in Biomedical Engineering:

- I. Materials for comfortable and efficient prosthetic limbs.
- II. lightweight and durable materials.
- III. Composed Material in Biosensors
- IV. Applied Biosciences and Bioengineering
- V. Nanotechnology and Applied Nanosensors.
- VI. Biophysics and medical physics.

Neural Interfaces:

- I. Neural interfaces for Artificial limbs Controller.
- II. Cortical neural interfaces in Artificial limbs.
- III. Neural interfaces in Biosensors.

Rehabilitation Engineering:

- I. Rehabilitation engineering in the development of prosthetic devices.
- II. Techniques for Improving the Rehabilitation.
- III. High performance in the Rehabilitation Process.
- IV. Intelligent tools in the Rehabilitation Process.
- V. Mechatronics and Mechanical tools in Rehabilitation.

Scientific Committee of Conference

1 Prof. Dr. Yousif Al Mashhadany
Biomedical Engineering Research Center,
University of Anbar, Iraq
Chair

2 Prof Ir .Dr. Norhana Arsad
Universiti Kebangsaan Malaysia,
Malaysia
Member

3 Prof. Dr. Kasim Mousa Al-Aubidy
Tishk International University,
Iraq
Member

4 Prof. Dr. Muhsin Jaber Jweeg
Al-Farahidi University,
Iraq
Member

5 Prof. Dr. Takiaddin Adnan Al-Smadi
Jerash University,
Jordan
Member

6 Prof. Dr. Ayad M. Takhakh
Al - Nahrain University,
Iraq
Member

7 Prof. Dr. Aziz I. Abdulla
Tikrit University,
Iraq
Member

8 Prof. Dr. Emad Kamil Hussein
Al Furat Al Awsat Technical University,
Iraq
Member

9 Prof. Dr. Khalaf S. Gaeid Al-Shammari
Tikrit University,
Iraq
Member

10 Assist. Prof. Dr. Hasan. A. AL Dabbas
Philadelphia University,
Jordan
Member

11 Assist. Prof. Dr. Sayel M.Fayyad
Al Balqa Applied University,
Jordan
Member

12 Assist. Prof. Dr. Encarna Micó-Amigo
Heriot-Watt University,
United Kingdom
Member

13 Assist. Prof. Dr. Auns Qusai Al-Neami
Al - Nahrain University,
Iraq
Member

14 Assist. Prof. Dr. Thaker Nayl
Biomedical Engineering Research Center,
University of Anbar, Iraq
Member

15 Assist. Prof. Dr. Haitham Kamil Dawood
College of Engineering,
University of Anbar, Iraq
Member

16 Assist. Prof. Dr. Settar S. Keream
College of Engineering,
University of Anbar, Iraq
Member

17 Dr. Ali Amer Ahmed Alrawi
Biomedical Engineering Research Center,
University of Anbar, Iraq
Member

18 Dr. Dr. Kadhum A Abed
Biomedical Engineering Research Center
University of Anbar, Iraq
Member

19 Dr. Hamid R. Alsanad
Biomedical Engineering Research Center,
University of Anbar, Iraq
Member

Important Information:

All accepted papers will be Published in a Special issue Which is Indexed in Scopus data base Journals (Upon Researcher Request).

- For more details, please visit the conference website: <https://amavte.com/ictaai>

Registration Fees:

- The template of ICTAAI conference with MS Word format you can download this template by (Notes: The maximum number of publishing pages is Eight using the ICTAAI template):
- To apply submission of your article, (Click Here)

No.	Participation Type	Fees
1	Standard Participation without hotel accommodation	450 \$
2	Standard Participation with accommodation for 2 nights at Petra Elite Hotel	550 \$
3	Standard Participation without accommodation with publication in Conference proceeding	450 \$
4	Standard Participation with accommodation for 2 nights +Publication Q3+Q4 Scopus journal (Full Package without Flights)	1150 \$
5	Students (Ph.D. + Master)	200 \$
6	Standard Participation from Jordan without accommodation	280 \$
7	Attendance only	200 \$
8	Online Conference Participation	200 \$
9	Posters	70 \$

Fees Include:

- Conference documents + Conference Bag.
- Two Coffee Breaks / for 2 days.
- Two Lunches / for 2 days.
- Transportation from Amman to Petra.
- Social Program.

Important Dates:

- Abstract Submission: **April 5, 2025**
- Full Paper Submission Deadline: **April 20, 2025**
- Notification of Acceptance: **April 30, 2025**
- Camera-Ready Submission: **May 4, 2025**
- Early Bird Registration: **March 30, 2025**
- Conference Date: **May (22-24), 2025**
- Venue: **Petra Elite Hotel**

Journals for Publication:

- Sustainable Development of Mountain Territories- Scopus(Q2)**
 - Publication Fees: **400\$**
 - For more details, please visit the journal's scopus website: <https://www.scopus.com/sourceid/21100827893>
- Tikrit Journal of Engineering Sciences-Scopus(Q3)**
 - Publication Fees: **200\$**
 - For more details, please visit the journal's scopus website: <https://www.scopus.com/sourceid/21101118628>
- International Journal of Electrical and Electronics Research (IJEER)-Scopus(Q4)**
 - Publication Fees: **290\$**
 - For more details, please visit the journal's scopus website: <https://www.scopus.com/sourceid/21101067520>
- Anbar Journal of Engineering Sciences (AJES)**
 - Publication Fees: **Free**
 - For more details, please visit the journal's website: <https://ajes.uoanbar.edu.iq>
